Where your freedom begins...

*All dry weights are calculated on full featured production units. Verify the towing capacity of your tow vehicle. If you don't know or aren't sure, you can ask your automotive dealership or contact your tow vehicle manufacturer. All weights above are average approximations and may vary. Weights are calculated before adding options. Specifications are subject to change without notice.

Snow River

RUGGED LITE

246RKS

254LSS

266RDS

RUGGED LITE *All The Strength,
Without The Weight.*

What is Snow River 'Rugged Lite' Construction?

- * Northwood Built, 3rd Party Independently Tested & Certified, Structural Steel Off-Road Chassis.
- * Heavy Duty Axles w/ Larger Wheels & Brakes for Clearance, Load Capacity & Stopping Power.
- * Fully Welded Heavy Gauge Aluminum Super Structure
- * Multi-layer Laminated Walls over High Density Block Foam Insulation
- * Corona Treated Continuous One-Piece Outer Fiberglass Skin.
- * Tongue & Groove Plywood Sub Floor (not chipboard).
- * Double Arched Roof Trusses Bonded to Plywood Decking.

We build it **RUGGED** and we keep it **LITE** for ease of towing and fuel efficiency.

Every Snow River posts its finished weight right at the entry door for your 'Rugged Lite' assurance.
